Certified Backflow Testers

The Bedford Regional Water Authority (BRWA) offers the following list and information to our customers only as a convenient reference list and may not be all inclusive of DPOR certified testers in the local region.

The BRWA does not endorse, guarantee or warrant any work performed by contractors listed here. All interactions between customers and contractors are private business transactions between those two entities.

Witt Mechanical	(540) 587-9212	702 Railroad Avenue	Bedford, VA 24523

- Only Commonwealth of Virginia Department of Professional & Occupational Regulation (DPOR) certified backflow device workers may test backflow in the BRWA Service Area. Other licensed backflow contractors, not listed, may also test backflow preventers provided they are Virginia DPOR certified. The BRWA does not accept backflow testing certifications issued by local municipalities.
- **Backflow Preventer tests are required annually. The test results are to be recorded on the BRWA test form(s) and the original is to be returned to the address supplied on the test form.** BRWA Backflow Prevention Assembly Test Forms and the most current list of certified testers are also available on the internet at: https://www.brwa.com/your-water/building-developing/backflow-cross-connection/
- Please include the **customer's address and phone number** on each test form.
- The BRWA highly recommends that whenever customers prepare to hire someone to test their device, they should inquire of the proper State approval backflow inspection credentials of those being considered, as certifications are subject to suspension, revocation and expiration. Customers may also check the current status of the contractor's license at the Commonwealth's DPOR website (click on "License Lookup" at www.dpor.virginia.gov) or by calling (804) 367- 8511.
- Virginia licensed backflow testers with the appropriate credentials for testing backflow devices who are interested in being listed here should contact the Cross-Connection Control coordinator for the BRWA, at

(540) 586-7679 ext. 158. An application form is located on the BRWA website for companies or contractors requesting to be added to the list.
